

DISSIPATIVE STRAP

70-101-0001

Dissipative PP Strap is used to pack ESD sensitive items firmly through strapping applications.

It is compatible with most of the conventional strapping machines.

Product Specifications

Material:	Black Polypropylene
Tensile strength:	88Kg (± 5 Kg)
Elongation at break:	121% ($\pm 1\%$)
Width:	12 mm (± 1 mm)
Thickness:	0.70 mm (± 0.1 mm)
Length:	1500m
Surface resistance:	10^5 to $10^6 \Omega$
