

ILLUMINATING MAGNIFIER

44-311-0601

Suitable for clean room

Provides the best light and magnification with conductive/ESD function

Flexibility and durability metal arm

Product specifications

Lens material:	Glass 5" (no ESD safe properties)
Diopter:	5 Diopter
Diameter:	200 mm
Light source:	220V-240V/110V-120V
Power:	22W
Lamp:	LED
Colour temperature:	6400k
Arm length:	800 mm
Standard mount:	table bracket
Colour:	Black
Electronic Ballast	
Surface Resistance:	10^3 - 10^8
ESD properties:	ESD safe
Compliant with:	IEC 61340-5-1
