

SMD BOXi

Inline SMD BOX: SMD BOXi

SMD BOX: Innovated inline SMD BOX can be installed in the SMT line. By communicate with P&P machine directly, it can help predict material shortage and manage WIP (Work in Process) materials.

SMD BOXi can store:
solder paste
reels
trays material

ITEM	SPECIFICATION
Product	SMD BOXi
Type	Inline
Recognition System	Vision
FOV (mm)	200*400
Barcode Reader	1D/2D
IoT	P&P/ MES/ ERP*
Material Type	Reel/ Tray/ Solder paste (fixture required)
Material Loading/ Uploading	Manual/ Single
Auto Storage/Retrieval	Yes
Process Time (s)	6
Reel type	7/13 inch
Max Thickness	72mm
Min Thickness	8mm
Weight	Max 3kg
Max Capacity	400
System Dimension	1400x1120x2000mm
System Weight	550kg
Power Supply	220V
